

Westfield Group Distribution Reinvestment Plan (DRP)

DRP Issue Price - Historical Information

A Westfield Group stapled security comprises three separate assets for capital gains tax purposes (1 Westfield Holdings share, 1 Westfield Trust unit and 1 Westfield America Trust unit).

For capital gains tax purposes you need to apportion the cost of each stapled security and the proceeds on sale of each stapled security over the separate assets that make up the stapled security. This apportionment should be done on a reasonable basis.

One possible method of apportionment is on the basis of the relative Net Tangible Assets of the individual entities.

The cost base of the DRP security using this method would be as follows;
