Titanic 3D- PG-13

James Cameron's "Titanic" is an epic, action-packed romance set against the ill-fated maiden voyage of the R.M.S. Titanic; the pride and joy of the White Star Line and, at the time, the largest moving object ever built. She was the most luxurious liner of her era -- the "ship of dreams" -- which ultimately carried over 1,500 people to their death in the ice cold waters of the North Atlantic in the early hours in April 15, 1912.

Touchback -PG-13

Former high school football star Scott Murphy finds himself with a unique opportunity to revisit his glory days during the Ohio State championship game where he permanently injured his knee in a game-winning play. Given a second shot at his destiny, Scott seeks counsel from Scott's longtime mentor on and off the field to help him decide whether to let his fate unfold, or follow a path that will change his future.

The Pirates! Band of Misfits -PG

Accompanied by his ragtag crew, an enthusiastic pirate captain sails the high seas and dreams of besting his bitter rivals, Black Bellamy and Cutlass Liz in a quest to win the coveted title of Pirate of the Year. Along the way, they battle an evil queen and join forces with a young scientist.
